

MOTO CLUB LE TEIL

FRANCE

From 8 to 11 June 2022

I – Presentation of the Moto Club LE TEIL

LE TEIL motorcycle club was created 30 years ago. It has 80 members.

We have multidisciplinary experience with large organizations such as:

- National tourism gatherings including season finale, where we welcomed up to 600 people,
- Regional, national and international competitions (e.g., European Climb Championship impossible, Trial, etc.).
- As part of the biking rides, members of the club have been participating in Motocamps for many years.

The motorbike club is part of the city's network of associations. It can count on the help of other clubs and the support of elected officials.

We have national-level pilots on staff. Some of our members are also official FFM members.

We are also involved in the organization of charitable events.

II – Situation of the city of LE TEIL

LE TEIL is a town of 8700 inhabitants in the heart of the Rhône valley and at the gateway to Provence. It is located in Ardèche, a département well known for its tourist appeal, its local culinary spécialities, its hilly territory, connected to nature. The town is well served by roads and motorways.

This area enjoys a semi-mediterranean climate, 1h30 from the mountains and the mediterranean sea.

III – Reception of registered bikers and delegation

Participants will be welcomed in a closed and secure stadium for the camping part and for the catering and animation part in a hall with a capacity of 600 people at 100 meters from the stadium.

The delegation will have a quiet and bright room close to the stadium.

We will welcome participants from Monday 06th of June, with option for the first 3 days with a financial participation.

To conclude

France hasn't had the pleasure to organize a Motocamp for several years.

We are committed to sharing the love of our region with participants.

We hope that they will go back home, their head full of good memories, and with the desire to come back to visit everything they haven't had time to discover.
